

Fold along the dotted lines. One picture for each day.

This week. Draw one thing that happens on each day.

Monday	Tuesday	Wednesday	Thursday	Friday

Go through your diary from Monday.

For each day, circle the part of the day your picture happened in.

Monday	morning	lunchtime	afternoon	night-time
Tuesday	morning	lunchtime	afternoon	night-time
Wednesday	morning	lunchtime	afternoon	night-time
Thursday	morning	lunchtime	afternoon	night-time
Friday	morning	lunchtime	afternoon	night-time

Say the day, then the part of the day, then what happened.

One of your days might have two parts of the day. Circle both and say why.

Listen while your partner goes through their week.

Put a tick beside each day they tell you about.

Monday	
Tuesday	
Wednesday	
Thursday	
Friday	

Now go through your own week while your partner listens.

Circle the day your partner drew that is the same as one of yours.

Monday

Tuesday

Wednesday

Thursday

Friday

If none of them are the same, say so.

Use your diary to answer these.

Find today first, then step one day back or one day forward.

Today is Wednesday.

Circle yesterday. Put a tick on tomorrow.

Monday	Tuesday	Wednesday	Thursday	Friday
--------	---------	-----------	----------	--------

Now today is Friday.

Circle yesterday. Put a tick on tomorrow, if it is on here.

Monday	Tuesday	Wednesday	Thursday	Friday
--------	---------	-----------	----------	--------

Tell a partner what your diary says happened on the day you circled each time.

One of those tomorrows is not a school day. Say which one.

Your week in order.

Use your own diary to answer these.

Monday

Tuesday

Wednesday

Thursday

Friday

Circle the day your first picture is on.

Put a tick on the day your last picture is on.

Draw a cross on the day that came straight before Thursday.

Tell a partner which event came first in your week and which came last.

Then tell them about one event that came after lunchtime.
